Environmental Policy

The purpose of this Environmental Policy is to confirm to employees, customers, subcontractors and other stakeholders SigTech Rail's commitment to the environment while working on or about Network Rail managed infrastructure and all other sites of work.

SigTech Rail is committed to the prevention of pollution, specifically protecting the environment, with reference to aspects of work activities that are environmentally significant and will comply with all relevant environmental legislation and, where reasonable, exceed their requirements. In addition, due consideration will be taken of other standards; e.g. compliance and support with identified, applicable Network Rail company standards, Railway Group Safety Plans, Network Rail policy statements, conditions and requirements, Codes of Practice, British Standards, and where none exist, we will set our own.

Environmental matters will be integrated into, and considered, in business decisions throughout SigTech Rail. In particular, the identified significant aspects and impacts through the use of products, materials, equipment and natural resources from purchase to disposal. The aim of SigTech Rail is to prevent and / or reduce pollution from our activities. SigTech Rail shall also specifically aim to minimise the environmental impact, for the life cycle; (including disposal), of plant, equipment, and other physical assets under their control.

Employees will be made aware of their environmental responsibilities relative to their position within SigTech Rail. Accordingly, measurable objectives, including targets and timescales, will be set and reviewed for continual improvement across SigTech Rail.

The participation of employees is key to the success of the environmental responsible management. Therefore, the views of all are welcomed and encouraged which will improve systems, business performance, and compliance with legal, industry, Company, and other standards.

Appropriate training, instruction and information will be provided to employees, as required, including suitable information to customers, sub-contractors and other stakeholders when implementing objectives and raising general awareness.

Signed:

Pete Lindley
Managing Director
